Description

A plot of land, in an idyllic location. The land is 1640 metres and has beautiful views of the surrounding area, there are a few fruit trees that are planted around the plot which is spread over two different levels and there are two separate farm buildings that are both in a very good state of repair.

This land has a good access road and would be ideal for the siting of a static caravan with the use of both of the buildings being available for immediate use.

Currently none of the main utilities are connected but the location is only 5 minutes to the main town where you will find all the amenities.

This property would make a fantastic project for anyone who is looking for a lovely quiet spot in the Spanish countryside that would make a great get away from it all oasis.
